A lot of the people in Coober Pedy work in the opal mines\*. The mines are underground and the houses are underground too because it's cool down there. The houses are very comfortable but they don't have windows or gardens. There are underground **shops** and **restaurants**, and there's also an underground **swimming pool**. A lot of tourists come to Coober Pedy to visit the underground buildings – some of these buildings are more than 100 years old.
