How many things in photos can you name?

Which desk do you prefer? Why?

A man with a beard and short hair, wearing a blue button-down shirt and dark trousers, is sitting in a white office chair at a wooden desk. He is looking at a laptop screen and has his hands on the keyboard. The desk is cluttered with papers, a black desk lamp, and a small white container. In the background, there is a white brick wall and a black metal shelving unit with books, a potted plant, and wooden crates. The overall atmosphere is a modern, creative workspace.

Where do you usually work ?

Yesterday 15:23

Officegirl94: I'm a very messy person. My colleagues think my desk's really terrible; they can't believe all the things that are on it! Are you ready? Here they are: batteries, scissors, five or six magazines, about ten pens and pencils, a clock, a bottle of water, an apple, a cup, books, envelopes and a cheese sandwich! Oh, and my computer.

Netguy: Wow Officegirl94! A cheese sandwich on your desk? Ugh! For me, a messy place is difficult to work in. I need a big desk to work on. The only things on my desk are a computer and a printer. They're both new and expensive, so I like to keep them very clean.

Which person is a **tidy** worker or a **messy** worker? Why? What's on their desk?

**Another forum post, it is written by a girl who lives in a shared flat. She describes good and bad things about it.
Why being messy or tidy is impo in shared flats?**

1. Which two rooms are **never clean?**

2. Who **never does cleaning ?**

3. what's **not expensive ?**

4. what's on **Mala's desk ?**

Homeworker 77: I'm Mala. I live in a shared house with four other students and it's always messy. I share a kitchen and bathroom. They're never clean because my housemates are very lazy. They never do any cleaning. My friends think the house is awful and they don't want to visit me. But it's a cheap place to live and I like my housemates – they're fun! My bedroom is different to the rest of the house. I work from home, so I keep everything tidy and organised in there. My desk's perfect – there's nothing on it! I only have one or two books on my desk when I'm working, but I put them in the cupboard with my laptop when I finish my work. I hate mess! Hmm, maybe I do need to move house!
